OVERVIEW OF SEXUAL MISCONDUCT CONTACT: UNIT TEAM

Definition of Sexual Misconduct

Sexual Misconduct (as it relates to NHDOC) is conduct of a sexual nature that is directed by staff toward offenders, by offenders toward other offenders, or by offenders toward staff. An “offender” is anyone under the care, custody and supervision of the Department of Corrections. “Staff” or “staff member” is anyone employed by, contracted by or volunteering for the Department of Corrections. Sexual misconduct includes, but is not limited to the following acts or attempted acts:

1. Sexual contact and/or intercourse
2. Requiring or allowing an offender to engage in sexual contact, sexual intercourse, or other sexual conduct for any reason (e.g., the sexual gratification of a staff member).
3. Any action designed for sexual gratification of an offender or staff member, such as masturbating in front of another person
4. Making or encouraging obscene or sexual advances, gestures or comments or exposing genitalia, buttocks or female breasts.
5. Touching of self in a sexually provocative way
6. Beginning any form or type of communication of a sexual nature
7. Influencing or making promises regarding safety, custody, parole status, privacy, housing, privileges, work assignments, program status, etc., in exchange for sexual favors. This includes an exchange of anything of value between staff and offender or offender and offender.
8. Threats, intimidation or retaliation for reporting an incident of sexual assault.

Under NH law RSA 632-A:2 (n,1), in part; an offender cannot legally consent to sexual activity with “an actor who has direct supervisory or disciplinary authority over the victim by virtue of the victim being incarcerated in a correctional institution.

- It is never appropriate for a staff member to become unduly familiar with any offender.
- A staff member would be committing a criminal offense by participating in any sexual activity with an offender.
- It is not appropriate for an offender to approach a staff member in a sexual manner. This type of behavior is prohibited and corrective action will be taken to stop such behavior from occurring.
- No one has the right to pressure anyone to engage in sexual acts.

- It is not appropriate for an offender to approach a staff member in a sexual manner. This type of behavior is prohibited and corrective action will be taken to stop such behavior from occurring.
- No one has the right to pressure anyone to engage in sexual acts.

II. Steps offenders can take to reduce the possibility of sexual assault/victimization:

- Trust your instincts – If you sense a situation is dangerous, it probably is.
- Do not accept gifts or favors from others – Most gifts come with

6 | Overview of Sexual Misconduct

strings attached.

- Choose your associates wisely – Look for people involved in positive groups & activities.
- Be Alert! Contraband substances such as drugs & alcohol will weaken your ability to stay alert and stay safe.
- Avoid High Risk Places – These are places where it is difficult for others to see. Learn these places and avoid them.
- Do not share personal information – This information can be used to threaten or intimidate.

III. What to do if you have just been sexually assaulted:

- Verbally request immediate medical attention
- Report the assault immediately to a trusted staff member
- Do not wash, brush your teeth, use the toilet, change your clothes, eat, smoke or drink
- IT IS NEVER TOO LATE TO SEEK MEDICAL ATTENTION

IV. Medical Attention:

- If the sexual incident was recent, you will be asked to consent to a sexual assault exam by a qualified health care professional at a local hospital.
- Your consent is needed for this type of exam.
- You will be examined for injuries that may or may not be obvious to you.
- They may also perform further examinations to gather physical evidence of the assault and to check for sexually transmitted diseases.
- You have the right to decline any examination. However, if you have been the victim of sexual assault, it is critical to allow medical professionals to collect as much evidence as possible.
- You can receive medical attention and/or pregnancy testing for any injuries without submitting to a sexual assault examination. The medical care is for the purpose of treating injuries and keeping you healthy. Medical information gathered during treatment is confidential.
- You must sign a medical release in order for the medical information to be used as evidence in sexual misconduct.
- You have the right to decline to sign the medical release.
- You also have the right to receive support services.

If you are unable to report a sexual assault within 5 days, you have additional reporting options:

7 | Overview of Sexual Misconduct

- Report the incident to any trusted staff member
- Report to NHDOC Investigators by Request Slip
- Contact the PREA Victim Advocate by Request Slip or by letter to:
NHDOC Victim Services Office
PO Box 1806
Concord, NH 03302
- Send privileged mail to the Commissioner of Corrections, NH
Department of Corrections
- Send privileged mail to the NH Attorney General, NH Department of
Justice

Any form of sexual misconduct is degrading and may result in psychological distress. Appropriate referrals for support and treatment will be made by Health Services and/or a Health care professional at a local hospital. Mental health staff within the institution is available to help survivors recover from the emotional impact of sexual assault.

V. What happens to reports of sexual misconduct?

Investigation

All allegations of sexual misconduct, sexual harassment, over-familiarity and retaliation will be investigated.

Retaliation is intimidation to prevent an offender from filing a complaint or participation in an investigation of sexual misconduct. The DOC prohibits anyone from interfering with an investigation, including by intimidation or retaliation against witnesses or victims. Any form of retaliation should be reported to a trusted staff member, the warden or investigations.

Anyone who sexually abuses or assaults an offender will be disciplined and may be criminally prosecuted. Discipline and criminal prosecution are more likely to be successful if the abuse is reported immediately; but regardless of when the assault occurred, it should be reported.

INTAKE AND CLASSIFICATION

CONTACT: UNIT TEAM

Residents are admitted to the prison through the R&D unit in Concord. The time you spend here is used to gather information that helps administration understand who you are and what your needs are. At the completion of your R&D stay you will be transferred to one of the Department of Correction's two facilities.

What is R&D?

R&D stands for "Reception and Diagnostics." This is a temporary housing unit where you will be processed into the prison system.

What is the purpose of R&D?

While you are in R&D, you will be assessed by classification staff to assign your custody level. You will also be given a complete physical, a mental health evaluation, a dental screening and an educational evaluation. You will also be assigned a case counselor/case manager (CC/CM) that will assist you throughout your stay.

I have heard the term "quarantine." What does that mean?

During your first 14 to 28 days you will be in a "Quarantine Status." This just means that you are not medically cleared but you can still have lawyer visits that may only be arranged by the attorney.

When can I make my first phone call?

Tablets are made available each day. You can make phone calls from the tablets. Tablets are available to residents on loan. Typically you will be able to access a phone within 24 hours. Times for tablet use are posted in your unit, or you can check with your unit team.

Go to page 10 to learn how to set up your phone account

I've heard the term "T.A.B.E.", what is it?

T.A.B.E stands for the Test of Adult Basic Education. It consists of 7 areas (Reading, Math Computation, Applied Math, Language, Vocabulary, Language Mechanics and Spelling). When you speak with the education staff during your intake they will offer you the opportunity to further your education if needed. The results are used to determine which programs will best fit your current skills and to assist in determining your

9 | Intake and Classification

work eligibility. It falls on you to follow up with the education staff via inmate request slip if you have not received a scheduled appointment for your test in the mail within 2 weeks of speaking with them.

Classification

Classifications is a department of the prison that will determine your security level and eventually determined where you will be housed after R&D. Most residents are classified to medium security, commonly known as C-3. Classifications will eventually assign you to a new housing unit. You don't have a say about where you go.

The Housing Units

After R&D you will be sent to a housing unit in either the Berlin or Concord prison.

Berlin (Also known as the North Country Facility)

Concord

Hancock

Medium Custody South (MCS)

Medium Custody North (MCN)

Close Custody Unit (CCU)

Special Housing Unit (SHU)

Residential Treatment Unit (RTU)

Secure Psychiatric Unit (SPU)

What if I don't like the unit I'm in?

You can send an Inmate Request Slip to Classifications requesting to be moved to another unit, however, Classifications is under no obligation to move you.

Improving Your Chances

Staying "off the radar" by avoiding disciplinary reports can improve your chances of getting requests, like moving to another unit, approved.

Visiting is a privilege for residents and the failure by either the resident or visitor to follow these rules may result in suspension of visits, or the visitor being permanently barred from all facilities.

Visiting Policy and Who Can Visit

- It is the policy of the New Hampshire Department of Corrections to provide time and facilities for resident visitations and to be supportive of these relationships. The objective is to be no more restrictive toward visitors than necessary for the security of the institution, the welfare of prisoners and staff, and to exclude introduction of contraband. NO TOBACCO or SMOKING allowed on prison grounds. Gum chewing is prohibited. Visitors and vehicles may be searched at any time. Introduction of contraband is a violation of policy and may result in administrative sanctions and/or criminal prosecution.
- All visitors must be approved by the Department of Corrections Staff. As part of the visitor approval process, the resident must request the visitor, phone number, date of birth and identifying number such as valid driver's license number, military ID number, state non-drive ID number, or passport.
- This information must be submitted at least 14 days prior to the first visit for verification. IDs must be submitted at each visit for the duration of the visit. Residents will be authorized a total of 20 visitors on their active visit list.
- The department will not verify the status of a visitor over the telephone per RSA 91:A. The resident you wish to visit must verify the information with you. If you arrive at the facility and are not on the list, the visit will be refused.
- A visitor cannot appear on more than one visit list unless the visitor's immediate family to each resident, in which case special permission must be granted by the Warden of the facility.

If this occurs, it is the resident’s responsibility to disperse those funds by the end of the month to balance the account within the above guidelines. The Inmate Account Office will forward a report of account balances to each Warden and the Director of Community Corrections on a monthly basis.”

Mail Guidelines

Inform anyone you think will send you mail about these regulations:

GREETING CARDS:

No greeting cards of any type, or for any occasion, can be received by NH prisoners. Residents can still purchase cards to send out, but you can no longer send a greeting card to a resident in the NH State Prison—not even at Christmas. The issue seems to be a ban on any paper that is thick or layered such as card stock.

DRAWINGS:

Nothing can be drawn by hand in any medium (pencil, crayon, etc) on a letter. Prison Administrators explained this new policy as follows:

“It is important that you keep in mind that the intent of this is NOT to limit a person’s ability to write a letter to a resident, but to prevent drugs from being hidden within heavy paper stock or mixed with a fluid and dried on the paper- sometimes camouflaged by drawings.”

PHOTOGRAPHS:

Photographs and printed material, including printed images, are still permitted as long as they are printed on plain or “photo-quality” paper. Letters, Internet printings, and printed articles are still permitted as long as they do not violate any other part of the mail policy.

PUBLISHED MATERIAL:

Though material printed from the Internet is permitted, photocopies of published and/or copyrighted materials from a book or magazine are not allowed.

ENVELOPES: Remember that prisoners here receive only the contents of mail and not the envelopes, so remind those sending you mail to include their address in the body of your letters.

PAGE LIMITS:

Mail is limited to 10 pages per envelope, but double-sided printing is okay and counts as one page. Stapled papers are not allowed.

(See page 7 for **electronic messaging** through GTL tablet service)

FAMILY CONNECTIONS CENTER

CONTACT: SEND A REQUEST SLIP TO "FCC"

The Family Connections Center (FCC) is a family support and parenting program located in the NH Department of Corrections. The crimes that prohibit an resident from participating in the Parenting Program vary, but are all related to sexual activities with children under the age of 14.

FCC offers relationship classes to all residents, and offers an intensive parenting program to those residents who have minor children and who have not committed certain crimes.

The classes offered for all residents are: **Healthy Relationships** -10

Earned Time

By participating in FCC programming you may become eligible for 60 days off your minimum and maximum sentence of Earned Time Credits. Contact "FCC" for requirements.

hours. The purpose of this class is to help individuals be successful in all of their relationships, whether it be with a romantic partner, siblings, parents, children, or friends. This class gives participants and understanding of what healthy relationships and healthy families are while learning about positive communication skills. Participants will create visual diagrams of where the participant is in their family and their community and then use these to look at how their choices affect those people in their lives. The **Child Impact Program**, 4-hours, is offered to those residents whom the New Hampshire court has required to take it. Proof of being court ordered is required. The cost is \$2 for residents (instead of the \$75-\$100 in the community) and is paid to an outside agency for the booklets.

The Parenting Program part of FCC begins with taking the 18-hour **Parenting Education Class**. There is usually a wait list for this. Incarcerated parents must submit a resident request slip to get on the wait list. The wait list is a first come, first served basis. MPD does not affect getting into the parenting class. After completing the parenting class incarcerated parents may participate in the following activities: **parenting support groups**, **recording books on CD's** to send home to their children, attend **life skills seminars**, make **cards and crafts** to send home to their children, bi-weekly Skype visits (or a similar free program) and participate in the **Children of Incarcerated Parents** summer camp program. Details of eligibility for all of the above will be

discussed in the parenting class and support groups.

Residents are recommended into the Healthy Relationships class by their CC/CM depending upon the score on their ORAS assessment. If an resident is not recommended for Healthy Relationships but would like to attend anyway, they may write FCC requesting this and if there is available space in a class, you will be notified via a note in the mail. To attend the Child Impact Program you must write a request slip asking to get in and you must produce the legal paperwork instructing you to complete the program. **Earned time credit is possible through FCC only for those residents who are eligible for and participate in the Parenting Program.** To be eligible for Earned time credit through FCC, an resident must complete the 18-hour FCC parenting education class, the 10-hour Healthy Relationships class and an additional 47 hours of educational programming in FCC. On average, it will take about 12-months to qualify for FCC ETC.

Aid to Incarcerated Marriages (A.I.M.)

The chapel offers a Christ-centered group that focuses on Christ and His word within marriages between incarcerated men and their spouses. Go to page page 68 to find more about A.I.M. (This groups is not part of FCC).

PROPERTY ISSUES/PICK-UPS/5 DAY NOTICE

CONTACT: PROPERTY

Resident Property Held in Property Storage

Property is not held any longer than needed. There is a misconception that the D.O.C. has unlimited storage space. As soon as your resident number is checked, your property is placed on the shelf designated for pick-up by your unit property officer. Only property not allowed in SHU, HSC and R&D is stored.

Leaving SHU, HSC and R&D

It is your responsibility to write an Inmate Request Slip to “Property” if you leave SHU, HSC and R&D units to have your property pulled and placed on the shelf for pick up by your unit.

Transfer Between Facilities

If you transfer from Berlin to Concord or vice-versa, all property left behind, including Book Orders and Union supply orders, will be forwarded to your new location. This process can take 2-3 weeks. If you are curious about the status of your property, do not have your family call, you must write an Inmate Request Slip.

Property Pick-Ups

Residents must provide an address that their property will be mailed to if items are not picked up within 60 days from the property room.

Property Pick-up times:

Monday—Friday, 7:00-10:30 AM and 1:00-2:30 PM

Please plan accordingly with family and friends, property not picked-up after 60 days will be mailed to the address you provide. If you do not have sufficient funds in your account it will be destroyed as abandoned/unclaimed property (pursuant: PPD 9.02, sec. F). No notice will be given. The property officer is often pulled for a variety of reasons, so keep track of your property pick-ups.

Updating your CORIS property list

It is your responsibility to check your own property list and have items removed that you no longer have or anticipate replacing. You can request a copy of your CORIS property list from your unit team or property officer once per year.

5-Day Notices

Do not ignore these, your property could be destroyed (CORR 386)

When Filling Out a Five Day Notice:

- Print all information legibly. Illegible notices will be returned.
- If you order something you're not allowed to possess the Property Room will issue you a 5-Day Notice. You will have 4 options for disposal:
 1. **Mail** - You may mail items to a residential address of your choice. If you choose this option you must attach a Cash withdrawal Slip. Books cannot be returned to vendors; most require a return label and Property cannot do this so don't put a vendor down as a return address on 5 day Notices.

5**THINGS TO FOCUS ON AS SOON AS YOU CAN**

- 1. Take a TABE Test:** Don't ignore these tests. When applying for a prison job, a program or classes, supervisors can consult your test scores. So take these tests seriously. If, even with your best efforts, you score poorly on these tests, that's okay; you will be short listed for the education you need.
- 2. Attend the Job & Information Fair (p.42):** The Job & Information Fair is an event held 4 times a year where you can ask about and sign up for most of the programs, jobs, and classes offered in the prison. Keep your eye out for posters advertising for the next one.
- 3. Request the programming/education you need, especially if required by the courts:** Everything you do, good or bad, while incarcerated will be on your record and reviewed when you eventually go for parole or other sentence reviews. Get started on your rehabilitation as soon as possible. If the courts ordered or even recommended any programs or education, send an Inmate Request Slip to the appropriate department asking to get involved. Even if the courts didn't order or recommend something, use the time you have while incarcerated to learn new skill skills and educate yourself.
- 4. Keep your own records:** Don't rely on the prison to keep track of your legal, canteen, property, and personal achievement records. Keep an envelope labeled "Legal Work" to store all your records. This way you will be able to back up any future claims or requests to the DOC or the courts. You can also send a request slip to your counselor and request to review your offender records every six months. Notify your counselor of any omissions or errors you find.
- 5. Stay Active and Healthy:** While engaging your mind and spirit with programming and education, finding ways to stay fit and healthy is just as important. Don't let yourself find excuses to wait. Even residents locked in a SHU cell 23 hours a day find ways to exercise regularly. The library has books about diet and fitness or you can order your own. Turn to page 70 for information about fitness options like the weight room or sports leagues.

Do I need North Yard clearance to take classes in the North Yard?

Consult quarterly schedules to find class locations. You can apply for North Yard Clearance at the next job and Information Fair

Do I need to retake courses if I seek multiple certificates?

No. When multiple certificates share the same requirements, you only need to take a required course once, but still may apply it to any number of certificate pathways.

Do I need to take CTEC classes in any particular order?

Mostly no. Numbered classes should be taken in order. It is

recommended that you take introductory courses first but it is not required.

Can CTEC classes count as High School Credits?

Yes. All CTEC classes can count as elective credits. Talk with education guidance to see if any classes will fulfill your other requirements.

Can I get earned time credits for multiple CTEC certificates?

At the time of this publication (2019), residents could receive 60 days off for only one vocational programming certificate. Check “Earned Time Credit Provisions” PPD 5.11 and RSA 651-A:22-a to see if this restriction has been lifted.

If I am unable to take the class I need when it’s offered, can I take the class at another period?

Usually no. A few students under pressing circumstance have been given permission to study a class independently during a different period. However, this is rare, usually students are advised to wait until the class is available in a future quarter.

Can I get paid for being a student?

Yes. As long as you are enrolled in a least 2 classes a day, you can maintain a job as a student. To change your job to a student check the job change option on the enrollment form at the Job & information Fair. Students start at \$1.15 a day and can earn \$2.15 a day after 6 months of this classification.

Once you get out, having educational achievements, like your high school diploma and vocational training, improve the likelihood you will be hired. Become a Role Model

Statistics show that, "educated ex-convicts more likely ensure that their children are also educated, which reduces crime in increasing proportions for each generation to come. Simply stated, these reformed prisoners go on to become role models for their children..." www.prisoneducation.com

Keep Your Mind Engaged

Education programs help keep you busy and your mind sharp.

Employability

Ex-offenders researching the job opportunities will find that many employment opportunities require applicants to have a high school diploma or equivalent and list vocational training as something employers look upon favorably.

GETTING STARTED

FINANCIAL AID

APPLICATION PROCESS

COLLEGE LISTINGS

EARNED TIME CREDIT

GETTING STARTED

If you have the funds and the commitment to study on your own, you could earn a degree while incarcerated. Colleges will require a high school diploma (or equivalent GED/HiSET), an application for admission, and payment for courses once you request to participate. Cost of courses is not covered by the NH Department of Corrections and are at the student's expense. In addition, you will need to be able to receive mail.

ACCREDITATION

College or university programs must be accredited by a regionally-accredited agency recognized by the US Department of Education Council for Higher Education Accreditation (CHEA).

Degree Paths

Degree paths differ for each college and university. The most common colleges that offer programs for the incarcerated are listed within this booklet. For a complete list of degree options, you may order college catalogs by writing to the admissions Department at each college/university. Choices for degrees are limited to those subjects that are offered in print-based formats only. College courses offered via the internet cannot be approved.

Transferring Credits

As you progress along your degree path, you may find it necessary to fill your degree requirements with transferred credit from other colleges. If you plan to take additional courses or transfer them to meet your degree requirements, contact the college where you plan to complete your degree, request written assurance that the transferred class will count towards your degree requirements. Lastly, be sure to take this step *prior* to paying for the additional class.

Earned Time

You may qualify for 180 days earned time credit after earning an Associate's, Bachelor's, or Master's degree from the colleges and universities listed in this booklet. If you are seeking a degree from a different source, it will need to be accredited by one of the CHEA approved agencies listed in the Earned Time Section of this document.

FINANCIAL AID

Pell Grants may be available to support incarcerated college students starting in the year 2023.

CHARITY

Some students have sought aid for tuition costs from charitable, civic, church, or professional groups. Often, when a group understands the benefit of education for an incarcerated student, they are willing to offer some financial assistance, on a limited basis.

VETERANS AFFAIRS EDUCATION BENEFITS

Veterans honorably discharged from the armed services within the last ten years *may* be eligible for financial assistance for some college programs while incarcerated. The VA does not consider print based students to be full-time students, the benefit award normally will cover only the cost of tuition and fees associated with the course enrollment. VA benefits cannot be applied to course credit by examination offered by specific universities.

Following notification of eligibility for VA education benefits, the student should coordinate with the college/university financial aid office. The financial aid office will request a Certificate of Eligibility, and it is the student's responsibility to submit this documentation and follow up with the college/university regarding funding approval.

For a VA Education Benefits application (VA FORM 22-1990) and assistance applying, contact CSSD CTEC/College Department

MEDALLION FUND, NH CHARITABLE FOUNDATION

The Medallion Fund provides scholarships to individuals of any age who are enrolling in any accredited vocational or technical program. Students currently enrolled in a BA or other advanced degree programs are not eligible.

COLLEGE CORRESPONDENCE APPLICATION PROCESS

1. Several colleges we routinely work with are listed in this booklet. Order a college catalog from each college you are interested in attending. These are free of charge and will include an Application for Admission. If you have difficulty receiving these catalogs, contact CSSD CTEC/College Department for assistance.

2. Complete an Application for Admission to the college/university of your choice, and include the information they are requesting.

- If you graduated from Granite State High School, you may ask the guidance department to send an official copy of your transcript if it is required. Transcripts are only official if they are submitted to the college directly from the school of record. The education department will not re-release transcripts from other school districts, even if they are on file.
- If you completed a GED or HiSET, you must request an official copy be sent to the college from the state where you took the exam (if you took it in NH or at NHSP, you will have to write to the NH Department of Education):

*New Hampshire Department of Education
101 Pleasant street
Concord NH 03301*

- Schools often ask for a letter of recommendation. NH DOC does not provide recommendations for college admission.

3. While waiting for admission to the college/university, you may enroll in a class. You must have prior approval from guidance to take the course. Failure to complete the appropriate forms will result in you not receiving your class materials.

Complete the following procedure for each course prior to registering for a class:

- Request a NH DOC-Correspondence Course Approval Application from CSSD CTEC/College Department.
- Complete the application and submit to CSSD CTEC/College Department.
- A copy of the application will be returned to you showing "approved" or "denied".
- If approved, you may proceed to complete a course request form from the college/university, pay for the course, and request the materials.
- If denied, you do not qualify to receive course materials. Denials are usually due to mail restrictions for residents in higher security housing. If you have questions about your denial, send an Inmate Request Slip to CSSD CTEC/College Department.

4. All materials must have a paid invoice when they arrive at DOC. All incoming correspondence courses must have a paid invoice in accordance with the PPD 9.02.

- Allowed property for courses are books, study materials, and test request forms. It is your responsibility to notify the college of the restrictions on course materials in accordance with the PPD 9.02. CD's, DVD's, and Video Tapes are not allowed per policy. Access to the internet is not allowed at this time.
- Course Materials are processed upon arrival and will be forwarded directly to you.

5. Exams will be completed with an education department approved proctor. Exams sent directly to the student will not be proctored and may affect the use of the course/degree for earned time credit.

6. Students must provide verification of completion of each course to the CSSD CTEC/College Department to be kept on file.

EARNED TIME

If you are seeking a degree from a different source, make sure it is regionally accredited by one of the following agencies approved by the Council for Higher Education Accreditation (CHEA):

“Volunteerism Perpetuating Volunteerism”

Many of the programs at the New Hampshire State Prison for Men are made possible through community volunteers. A few of these groups are:

- Hospice, Peer Support
- Self-help groups such as AA, SLAA, NA
- A Veterans Group,
- Religious programs such as Kairos and Prison Fellowship
- Religious study and worship
- Cultural diversity groups such as the Native American Circle and Spanish Fellowship
- Assist with Recreational activities
- Parenting, self-esteem, FCC and marriage support groups

These volunteers are motivated by the desire to share their culture and belief with others, by having had a personal experience with prison life, or by a desire to make your incarceration more meaningful, and less stressful. They want to ready you for a successful return to the community. With these admirable goals, volunteers are improving life within the prison, and helping New Hampshire communities.

How do I become involved in any of these or other worthwhile programs?

You can ask your unit counselor for guidance. Watch for bulletins posted within your housing unit and on the prison’s TV channel. The weekly chapel schedule is available in your housing unit. It will alert you to upcoming programs.

Can I volunteer as a resident?

Yes. There are numerous opportunities available to inmate volunteers: opportunities within the living units, teaching, fundraising, helping at special events, and facilitating programs. Through your own initiative, you can start to make a difference for yourself and others. Get involved now!

AID TO INCARCERATED MARRIAGES (AIM) CONTACT: CHAPLAIN, CHAPEL

Criteria for Membership:

The group is open to inmates who have a valid and legal marriage license. New applicants cannot be within two years of their minimum sentence. Applicants must understand that the AIM group is a Christ-centered group and focuses on Christ and His word within their marriages. Applicants must be willing to learn and apply Godly, Biblical principles in their personal lives as well as in their marriages. They must also agree to complete confidentiality for the group.

Procedure:

Interested AIM applicants must submit a Request Slip to the chaplain. This group is designed for couples who have been married prior to incarceration, or whose marriage during incarceration has exceeded 3 years. The primary premise of this group is as follows: A marriage founded upon the principles of God's Word, the Bible, is a marriage that is better-equipped to survive all adversity. It is therefore the object of AIM to support its members by offering a safe, loving, nurturing, and confidential environment of fellowship where the participants will learn and practice Godly principles in their personal/lives and marital relationships.

NHSP Aid To Incarcerated Marriages (AIM) Covenant

As a member of the NHSP AIM Program, I covenant with God, the NHSP Chaplain, The AIM Leadership, and other AIM members as follows:

- I will support the AIM philosophy that the life of Jesus Christ established the perfect pattern of selfless love lived on behalf of all others.
- I will endeavor, by God's grace alone, to "... walk the walk of Christ ... " in my public and my private life (1 John 2:6). If my walk is inconsistent with God's Word, I will step down from AIM until it is agreed upon by both the Chaplain and myself that it is time to resume my participation in this ministry.
- Subject to the Chaplain's discretion, I understand that if I receive any A or B write-ups while an AIM member, I will be asked to step down from AIM until 6 months have elapsed, or until the Chaplain allows my re-entry into this program. Any drug-related write ups will exclude me from this program.
- If I have any A or B write-ups within the last 6 months, I may re-apply after 6 months have lapsed.
- I will be faithful to this ministry in my regular attendance at all meetings and seminars with the exception of health issues, visits in this facility's Visiting Room, required attendance at court-ordered programs, or if excused by the Chaplain.

FOCUS UNIT | FOR CHEMICAL DEPENDENCY ISSUES

CONTACT: SEE A CC/CM IN THE UNIT

The Focus Unit is the umbrella in which the New Hampshire State Prison for Men-Berlin conducts treatment for chemical dependency issues in a holistic manner. This methodology bears the title of “Focus Unit” in that the Intense Clinical treatment is conducted within a Wellness Community environment that addresses these chemical dependency issues. In addition to the residential component, the Focus Unit also oversees the transition into essential follow-up treatment modalities.

Whether you have voluntarily, or in lieu of being upgraded, entered the Focus Unit, you agree to abide by all the policies and procedures. You may leave the program at any time if you so choose. If you are here in lieu of being upgraded and leave the program you will be referred back to security for final disposition which may include reinstatement of any suspended sanctions.

5 Stages of the Focus Unit Program

Stage I: Orientation (Maroon band)

1. An in depth screening and assessment will be completed
2. Diagnosis will be documented
3. Treatment Plan will be documented
4. If necessary, detoxification methods will be employed
5. Participant will be introduced to the expectations of the unit and integrated into non-curricular components.

Stage II: Four Phased Curriculum (Blue Band) - After Two negative urines may be considered for Black band.

Phase I: Motivational Enhancement Therapy

Phase II: Cognitive Behavioral Therapy

Phase III: Twelve Step Facilitation

Phase IV: Transition

Stage III: Transition to Lower Classification (Black band if remains on unit)

When completion of the Intense Clinical Implementation stage has successfully been accomplished. Participants may or may not continue to be housed on the Focus Unit. This stage includes those that are awaiting transition into a lower classification. If you would like to be transferred to Berlin aftercare you must have a treatment history of negative urines to be considered. You can request this at admission.

Stage IV: General Population Relapse Prevention (C-2/C-1)

Residents moving through the classification system (C-2/C-1) can utilize support in the form of groups and individuals in the TWC and Transition Housing Units. Case management will setup outpatient support resources. Residents that have completed the intense clinical stage but are struggling with relapse may be placed back into the community even after leaving the block for additional support (tune up). You are expected to check in with the LADC assigned to your housing unit within 10 days of admission.

Stage V: Community Follow-Up

Upon release to the community a follow-up plan may be put in place to monitor and address relapse risks and behaviors.

SEXUAL OFFENDER TREATMENT

CONTACT: S.O.T.

A Residential Program for Sex Offenders

The NHSP Sex Offender Treatment, located in the Hancock Building, is a residential treatment program. It serves 96 residents and lasts a minimum of 9 months. Once a resident is transferred to the program unit in NHSP/M's Hancock building, he will work with a staff person to develop an individualized treatment plan with goals and objectives for

Our Mission:

“To protect the community and provide the most effective treatment possible to motivated sex offenders by helping them learn how to control their sexual deviancy, develop better social skills and eliminate re-offending.”

treatment.

Program Objectives

- Develop open and honest communication
- Develop awareness of contributing factors in offense
- Self-disclosure of entire sexual offending history
- Become aware of feelings, and learn better coping skills
- Develop self-esteem and healthier relationships
- Develop victim empathy
- Begin to heal emotional trauma from childhood
- Reduce deviant arousal patterns
- Identify high-risk areas and intervention strategies
- Develop a realistic relapse prevention plan
- Pass a full disclosure polygraph.

If the SOT is a requirement for you, you are supposed to be assessed and enrolled at least 2 years prior to your minimum sentence. Write to “SOT Director” if you are concerned about your assessment being scheduled on time.

How do I get into the Sex Offender Treatment Program?

During your intake process, the classifications officer will ask you to complete a screening checklist. This, along with sentencing information, will be sent to the SOT Program Director. Your name will be added to the interview list. You will be notified via appointment slip as to when you will be interviewed. After your interview and assessment, if you are found appropriate for treatment, your name will be put on the waiting list for the program.

How long will it take for me to get into the program?

That depends on several factors including: your minimum parole date, the number of names on the waiting list, and other variables. The make-up and combination of each group's members may also be taken into consideration.

What if I did not commit the crime for which I was convicted?

Your guilt or innocence is determined by the criminal justice system, not the Department of Corrections. We will assess your appropriateness for treatment and recommend a course of sex offender treatment.

Can I still work or take classes while in treatment?

You may volunteer for and take classes up to fifteen hours per week, as long as it does not interfere with your scheduled times of programming. You do get pay while in the program: \$1.15/day for the first 6 months, \$2.15/day after 6 months.

RESIDENT COMMUNICATION COMMITTEE (RCC)
CONTACT: SEE A REPRESENTATIVE IN YOUR UNIT

Mission Statement

The mission of the RCC is to work to establish a common ground with the administration through positive communication on issues regarding the needs and rehabilitation of residents, their interaction with staff, and their hopeful return to the communities to which they will be returning.

The RCC is a D.O.C. sanctioned resident representative body comprised of 8 to 12 volunteer, medium security, good behavior residents from various housing units in NHSP-Concord.

History

The Resident Communications Committee was created in June 2006. The idea was born out of a meeting between former Officer Frank Clark and Commissioner Wrenn while they were discussing some of the problems at NHSP. Both men agreed that the resident population needed and deserved an outlet for their voice to be heard. Over the next month a diverse committee made from various age groups, races, living units, job sites and sentence structures was created to get your message to all levels of the administration. Since 2009 the RCC has enjoyed the support and sponsorship of the Recreation Department. Rod Roy, Director of the Recreation Department, has served as the RCC liaison during this time and under his supervision the Recreation Department has aided in many of the RCC's accomplishments.

RCC Functions

The RCC holds regular committee meetings at which time issues concerning the resident population are discussed and then assigned to committee members to make presentations to the administration. The RCC meets with the Commissioner quarterly, the Warden monthly and other administration officials as often as needed.

RCC Sub-Committees

Mission Statement:

The mission of sub-committees to the RCC is to provide additional points of view from the population, supplement the work of the committee, provide additional materials and information on issues being brought to various meetings with staff, and to be a testing ground for membership.

76 |Resident Communication Committee (RCC)

In addition to the RCC there are several sub-committees each chaired by an RCC member. Right now they are:

- CCU/SHU
- Legislative
- Education & Programs & Jobs
- Health and Wellness

If you have the motivation, drive, and time to join in our efforts then fill out a RCC application today. If one is not available, then just submit a request slip to the Recreation Department and one will be forwarded.

Resident Representatives in each unit
