**FastStone MaxView** is a fast, compact and innovative [image viewer](#) that supports all major graphic formats. Its intuitive layout lets you view images in a variety of ways. It even lets you view images in password-protected [ZIP](#), [RAR](#) and [7-Zip](#) archive files directly and instantly, which is a perfect solution for viewing private images. It also reads comic book files including [CBR](#), [CBZ](#) and [CB7](#) formats. It is a handy tool for quickly viewing, rotating, resizing, cropping, annotating and printing images.

View [ZIP](#), [RAR](#) and [7-Zip](#) archive files **directly, securely** and **instantly**. It is the best solution to view **password - protected** private images.
